

MEDIA RELEASE

State Street and Constance Avenue Intersection Repair Scheduled for March 21 and 22, 2012

SANTA BARBARA, CA – March 19, 2010

This week, on Wednesday and Thursday, March 21 and 22, 2012, the City of Santa Barbara, Public Works Department, will repair the street surface at the intersection of State Street and Constance Avenue.

Repair work will be conducted between the hours of 7:00 a.m. and 5:00 p.m. Street closures and detours will be required during construction; however, emergency vehicle access will be maintained at all times. Residents in the area may experience noise from grinders, truck back-up alarms, and other equipment associated with pavement construction.

When the repairs are complete, the intersection will provide a smooth driving and walking surface. The Public Works Department appreciates the community's patience and cooperation during the construction.

If you have further questions, please contact Adam Hendel, Supervising Engineer at (805) 897-1921.
